INTRODUCTION

Scheduling Patterns in secondary schools is an annual publication of the Ministry of Education. The publication contains the data on main categories of scheduling patterns for each publicly supported secondary school in Ontario. The 1986 Secondary School September Report, completed by all principals is the source of the data.

The publication is divided into two sections. Section 1 provides the information for public secondary schools while Section 2 provides the data for Roman Catholic secondary schools.

Schools are listed within board, within county and within region. The frequency of each scheduling pattern is given at board, county, regional and provincial levels.

The four categories of scheduling patterns are defined as follows:

1. Full Credit, full year - courses are normally of full-credit value and scheduled throughout the school year.
2. Full credit, half-year - courses are normally of full-credit value and scheduled for one-half of a school year.
3. Half-credit, half-year - courses are normally of half-credit value and scheduled for one-half of a school year.
4. One-third credit Trimester - courses are normally of one-third credit value and scheduled for one-third of a school year.

All other scheduling patterns (e.g. One-half credit, Trimester; Two credits, Trimester, etc.) are listed in the category designated "Other". Combinations of any of the above are included in this category.

Organisation de l'année scolaire dans les écoles secondaires est une publication annuelle du ministère de l'éducation. La publication contient les données sur les principales catégories d'organisation de l'année scolaire pour chaque école secondaire financée à même les fonds publics en Ontario. La source de ces données est le rapport de septembre 1986, des écoles secondaires, complété par tous les directeurs des écoles concernées.

La publication se partage en deux sections. La section un donne l'information concernant les écoles secondaires publiques tandis que la section 2 fournit les données portant sur les écoles secondaires catholiques.

Les écoles sont enregistrées par conseil scolaire, par compté et par région. La fréquence de chaque organisation de l'année scolaire est donnée aux niveaux du conseil scolaire, du compté, de la région et de la province.

Les quatre catégories d'organisation de l'année scolaire sont définies comme suit :

1. Crédit complet, année entière - les cours sont normalement de valeur crédit complet et inscrits tout au long de l'année scolaire.
2. Crédit complet, demi-année - les cours sont normalement de valeur crédit complet et inscrits pour la moitié de l'année scolaire.
3. Demi-crédit, demi-année - les cours sont normalement de valeur demi-crédit et inscrits pour la moitié de l'année scolaire.
4. Tiers de crédit, trimestre - les cours sont normalement de valeur tier de crédit et inscrits pour un tier de l'année scolaire.

Tous les autres modes d'organisation de l'année (ex.: un demi-crédit, un trimestre; deux crédits, un trimestre, etc.) sont classés dans la catégorie "Autres". Les "Autres". Les combinaisons des modes mentionnés ci-dessus d'inscrivent dans cette catégorie

Summary

Four tables in section 1 provide a summary of information and scheduling patterns in public secondary schools. Data in Tables 1 and 2 show that the number of public secondary schools that choose to have semestered scheduling patterns is continuously increasing.

In 1986, 389 public secondary schools reported having Full credit, Half-year patter, 59 schools had One-half credit, Half-year and only 18 schools had One-third credit, Trimester. Schools may have various semestering patterns at different grade levels, therefore, a school may be reported in more than one scheduling category (Table 1).

Table 2 indicates that in 1982 slightly more than one quarter (26.8%) of all the public secondary schools had semestered courses compared to more than one half (55.8%) of schools in 1986. The most popular semestering pattern is Full-credit, Half-year as seen in Tables 1 and 2 during the 5 year period of study commencing in 1982.

Table 3 shows the distribution of schools by scheduling pattern by division. At the Grade 9 and 10 level, 353 schools had semestered patterns while, 270 schools had a traditional pattern (Full credit, Full-year). Similarly at the senior level, Grades 11 to 13, there were considerably more schools with the Full credit, Half-year semestering pattern than with the traditional scheduling pattern. For example, at the Grade 13 level, 347 public secondary schools reported the Full credit, Half-year scheduling pattern while 187 schools had the traditional scheduling pattern.

Table 4 presents the distribution of scheduling patterns by the size of the school. The distributions for small, medium and large schools are very similar. In each category, less than one-third of schools had traditional scheduling while the rest were either semestered or had a combination of the traditional and semestered patterns.

Summary

On September 30, 1986 there were 138 (Table 2) Roman Catholic secondary schools in the province, an increase of 10 schools over the 1985 figures. The 1986 data includes Grades 9 to 12 while the 1985 data includes Grades 9 to 11 only.

Table 1 indicates an increase in the number of schools reporting Full credit, Half-year scheduling pattern from 70 schools in 1985 to 87 in 1986. There is also a slight decrease in the number of schools with traditional scheduling pattern reported compared to 1985. In 1986, more than one half of Roman Catholic secondary schools were completely semestered, almost one third had a traditional (Full credit, Full-year) scheduling pattern only, while the rest had a combination of these two patterns (Table 2).

Table 3 indicates that in 1986 more schools had their courses scheduled in a traditional way in Grades 9 and 10 than at the Grades 11 and 12 level. However, at both those levels the number of semestered schools exceeded the number of traditional schools. It should be noted that a school may have more than one type of scheduling at different grade levels or even at the same grade level.
